

Strad Solid Top Mats

Uncompromising functionality with environmental protection

Strad solid top mats are the optimal solution where environmental protection of using matting products is needed to protect sensitive lands.

Solid Top Mat Features

- Strad's premium solid top mats are constructed using 100% #2 Douglas Fir, solid top, solid core design.
- Strad solid top mats boast solid work surfaces which means they are safer and easier to clean.
- Flex built in to help with uneven ground.
- Made in Canada.

Solid Top Mat Advantages

- Solid top and core design provide extra strength.
- Smooth, stable platform for working.
- Fewer tripping hazards.
- Less dirt and debris accumulation between boards.
- Easier to clean vs standard industry gapped mats.
